<p><b>9 am – 4 pm</b>  <b>Alvarado A</b>  <b>Public</b>            No Cost –            Sponsored by            New Mexico            State Library</p>	<p><b>Bringing Stories to Life: A Storytelling Workshop for Children and Youth Librarians /</b>            Deanne Dekle, Bob Kanegis, and Liz Mangual            Get ready for Summer Reading 2020, Imagine Your Story, with storytellers Bob and Liz!            Learn how to enliven stories by calling on your unique voice, personality, and life            experience. We will also demonstrate non-threatening ways to take what you learn so that            you can encourage and guide families to create a culture of reading and storytelling at            home. Leave with increased confidence in ability to find, craft, and tell stories, and to            adapt storytelling skills to support family literacy.</p>
<p><b>9 am – 4 pm</b>  <b>Potters</b>  <b>All Types</b>            \$75</p>	<p><b>Maximize Your Potential through Community Engagement /</b> Eli Guinee, Margo            Gustina, and Dale Savage            This hands-on workshop will share tools for engaging with your community and how to turn            community conversations into an impactful strategic plan. Turn community engagement tools            into useful data you can use to build new capacities and maximize your library's impact!            Plan from potential! Build effective long term partnerships!</p>
<p><b>9 am – 12 pm</b>  <b>Alvarado B</b>  <b>Public</b>            No Cost –            Sponsored</p>	<p><b>2020 Census Workshop /</b> Veronica Arzate (U.S. Census Bureau) In an ever-changing            environment, librarians are the trusted voices that help address challenges, such as rapidly            changing use of technology, and an increasingly diverse and mobile population. During this            workshop, you will get information on the decennial population count, ways of            participation, and how you can be ready to help.</p>
<p><b>9 am – 12 pm</b>  <b>Alvarado C</b>  <b>All Types</b>            \$50</p>	<p><b>Adaptive Leadership - Progress is Yours for the Making /</b> Robin Newell            Leadership is mobilizing others to do difficult work. Opportunities exist in our libraries and            communities that require your leadership each and every day. Join this interactive session            where you will learn the difference between adaptive and technical challenges and how to            make progress on adaptive challenges in your organization using easy to understand            leadership competencies developed by the Kansas Leadership Center.</p>
<p><b>1 pm – 4 pm</b>  <b>Alvarado B</b>  <b>All Types</b>            \$50</p>	<p><b>Legal Links and Lessons for All /</b> Dan Cordova and Stephanie Wilson            We are subject to rule of law, but access to that law is far from equal or universal. The            official version of current New Mexico statutes is now born- electronic; official versions of            historical New Mexico laws exist only in print. What is a librarian to do when confronted            with a legitimate legal research and reference question?</p>
<p><b>1 pm – 4 pm</b>  <b>Alvarado C</b>  <b>Academic</b>            No Cost –            Sponsored by            ACRL</p>	<p><b>Project Outcome for Academic Libraries /</b> Sara Goek and Dennis Davies-Wilson            In this interactive workshop, attendees will learn how to use the Project Outcome for            Academic Libraries surveys and resources. Project Outcome is a free toolkit that helps            libraries measure four key learning outcomes across seven library program and service            areas.            Prior to the workshop we recommend that participants register for Project Outcome, review            basic materials in the toolkit, and consider a goal for outcome measurement at their            library. Attendees may wish to bring a laptop or tablet to use during the session.</p>
